Rhymester of Akashic Records
A crystal skull with quill in hand
Bard of the unseen and unheard
Syllabic surveyor of lands

Holy-mind's-eye tattoo artist
Sacred penchant's litterateur
Giving voice to the cathartic
Synonymous connoisseur

Life's dysphonic, spasmodic scribe
Metricist of the great unknown
Troubadour of places and time
Loving lyricist of forlorn

Aromatic orthographer
Alphabetic photographer
People's acoustic sonneteer
Deep in love with pentameter

Versifier of the mundane
Bringer of what appears insane
Word-giver to that which is dear
Hijacker of life's many lanes

Despite time's passing, words remain
to beautify or maybe stain
A dilettante's words are never in vain

A language-lover gone insane
Meshuga / Eccentric / Deranged
A million personas, yet to be named
